## Important Information

### Grading system

The Pontificia Universidad Católica del Perú grades the academic performance of students using a system of grades from zero (0) to twenty (20), with eleven (11) being the minimum pass mark.

### Credits

Each course has a value expressed in credits. One credit is equivalent to one hour of taught classes a week throughout the semester, or at least two hours a week of practical classes. Each semester has 17 weeks of classes. Courses could have from 2 to 5 credits depending on the difficulty level, from low to high.

### Credits conversion

In our university, we consider that one credit PUCP is equal as 1.5 ECTS for undergraduate program, and 2.5 ECTS for graduate program.
